

Thermostat Guards

Universal Thermostat Guards - Versaguard™

- Unique double-wall construction provides extra measure of tamper-resistance in both new and existing applications
- Includes opaque polystyrene wallplate, ring base, guard cover, tumbler lock, two keys and Honeywell logo insert
- Tamper-resistant lock; key cannot be removed without being in locked position.
- All models mount vertically or horizontally on wall or exposed junction box
- Vents in guard base to allow airflow for optimum thermostat performance
